HOW TO FIND YOUR CALLING IN LIFE

In the last 12 months, what 3 experiences have brought you stress?

What do they have in common?

What are your values?

How do they all fit together?

Make a list of all the qualities of your calling. (Whether it is something you do as a career, a business, or to bring joy and contentment.)

Don't discount yourself simply because you don't think a "job" like that exists. Be honest, make your list, and start praying about it. Watch for opportunities that will take you one step closer.
